

Product Change Notification

This document is the property of e2v semiconductors, not to be disclosed or copied without prior written consent

Printed form FC32S00970 / Rev L

Product Change Notification Number : GC152051 Date: 12 May 2015

Title: New die version for the 12bits 1.5Gsps EV12AS200xx analog-to-digital converter.

Product Identification (form EV12AS200CZPY EV12AS200CZPY-ZT9	er) : EV12AS200\ EVX12AS20		EVX12AS	200GS	
Reason for Change:	⊠ Design □ Manufacturing Lo	Cation	ing Reliability	Logistics	
Change Description: e2v is pleased to announce the immediate availability of the new revision die version for its range of EV12AS200xxx converters.					
Identification Method to Distinguish Change: New letter "A"; P/N reference and marking information are changed accordingly.					
For example, EV12AS200VZPY will turn into EV12AS200 A VZPY					
	⊠ available □ ⊠ available □	will be available will be available		not applicable not applicable	
Quantifiable Impact on Quality & Reliability: No impact on reliability.					
Implementation Date*: Immediate, only "A" version is now available and orderable. Former die reference can no more be made available (see above Product Identification section)					

*The Estimated Implementation Date is the forecasted date that a customer may expect to receive changed product. This is determined by the estimated date of inventory depletion on the PCN issue date. This may be affected by fluctuations in supply and demand. Consequently, although customers should be prepared to receive changed product on this date, e2v semiconductors will continue to ship pre-changed product until a time in which inventory has been depleted. This may result in pre-changed product being shipped to customers after this forecasted date.
